WPI

GRADUATE EDUCATION @ UTC

A WPI NEWSLETTER FOR UTC | ISSUE 6 | FALL 2018

Hi Everyone,

For the last seven years, it has been my pleasure to work alongside you. Many of you have graduated from one, and some even 2, of WPI's programs since I started at WPI; time sure does fly! I'm so happy to have been a part of that.

As the WPI team continues to grow, so do our responsibilities. My role of working along with UTC sponsors in the development of graduate programs has now been expanded. While I will continue developing graduate programs, working with Senior Leaders at UTC as usual, I will also be more involved in the deepening and strengthening relationships between WPI and UTC. I would like to work toward making WPI the "go-to" university for UTC in recruiting, sponsored projects, STEM outreach, research, graduate education, and more.

With these efforts I hope to be able to create an even greater WPI community at UTC, with your continued collaboration. If you have ideas that will help make these plans a reality, please reach out to me anytime.

Peter Huie

Senior Manager, Corporate Partnerships

NOW RECRUITING

Programs launching this Winter:

- Mechanical Engineering, MS

Visit our website for more information.

Our Student Enrollment Specialist, Kira, is also available to answer any questions you may have! **kbartolotta@wpi.edu.**

UTC'S NEWEST WPI *GRADUATES!*

Manufacturing Engineering
Frank Hanrahan

Materials Process Engineering
James Pohorylo
Gordon Gourdine

Systems Engineering
Nyamebekyere Smith
Christopher Jelks

MBA
William Holden

THE CLASS OF 18' HAS DONE IT!

All of their hard work and determination has paid off. WPI celebrated those with graduate degrees in a dedicated ceremony on campus this past May. WPI Corporate and Professional Education students from both online and corporate cohorts made up an impressive 28% of this year's graduating class, a true testament to the growth of customized education!

CPE kicked off the celebration with a reception in the historic Higgins House on campus, just before students walked across the stage. Students and their families gathered with CPE staff who has helped them along the way from application to graduation.

Congratulations once again!
