BETC is exhibiting at BDP Week

The Biomanufacturing Education and Training Center is excited to be one of the exhibitors at the Biopharmaceutical Development & Production Week. This is IBC Life Sciences 3rd annual conference and is being held at the Hyatt Regency Huntington Beach Resort & Spa in Huntington Beach, CA from March 30 – April 2.

This conference puts the over 1,000 attendees at the intersection of novel biologics development and commercialization en route to adaptable and compliant, yet economical, processes and facilities for high quality products. Four days of comprehensive sessions covered a vast array of topics including upstream/downstream/continuous processing, quality and control, manufacturing monitoring and control, and a number of other topics that are covered by the training programs offered at the BETC.
