A NEW CENTER FOR EXCELLENCE

The new Sports & Recreation Center presents an opportunity for the whole WPI community to be more active and practice healthier lifestyles. Its spaces and amenities are designed for flexibility, supporting a variety of activities and simultaneous uses.

As a gathering place, the Center will easily accommodate such large-scale Campus events as national robotics competitions and admissions open houses. Informally, each of us will have more opportunities to connect, building stronger and mutually supportive relationships.

“We are not just building another gym. We are building a place for our community to come together—for competition, for camaraderie, for celebration. We are building a new setting for excellence.”

- Dennis D. Berkey, President
