$1M CREATES FIERCE COMPETITION.
GIVE YOUR TEAM AN EDGE.

The Husky A200 UGV is trusted by North America’s top technical institutes for aerospace and defense research. Built for rapid prototyping, Husky saves critical resources when developing custom rovers.

Clearpath Robotics is offering a $3,000 sponsorship rebate to any registered NASA Sample Return Robot team who uses the Husky A200 as their competition rover for the 2012 NASA SRR competition*.

Sponsorship Contact: Adam Gryfe, 1-800-301-3863 x808, agryfe@clearpathrobotics.com

*Some restrictions apply. Contact us for complete sponsorship details.
